The same people targeting Brian Ruhe are same Freemason Zionists who Stalk and Harass us US Citizens. They call it by the slang name Gang Stalking, I don't identify as a TI as that would make me sound weak, but anyone with cognitive dissonance and brainwashing is there to Gaslight, Use Street Theatrics, Spy on, Stalk, Harass other Normal People. I'm prepared for any of their stuff, degoogle the phone, set an alphanumeric PW, use a better Operating System, so whatever they found on me was all made up lies as they are failing to get info on me. We know Sheriff's Departments are corrupt also, so if you feel you being stalked, it is by these Brainwashed Lemmings, Zionists, Freemasons, Corrupt Governments, Martians, Jews, and like a small percentage of society who organizes the rest, look at Jacob Levy of the ADL, he helped to shut down Judicial-inc\*biz. I did the experiment myself and I know the Real Stalkers are Zionists and Freemasons in Sheriff's Departments. If you're using an alphanumeric PW on your phone and LUKS on your computer they cannot stalk you as much, thanks to the Internet, these corrupt people rewriting history have been exposed as Zionists & Freemasons.
